# Casino Will Sink Water Table!

Rohnert Park (RP) is trying to circumvent the 2002 Penngrove Lawsuit Agreement and cash in on a proposed casino development outside city limits. RP wants the Graton tribe to drill its own wells to preserve RP's SCWA water allocation for other development projects.

**RP pumps more than natural recharge by over 2.5 to 1!**

(data source: RP EIR 2000)

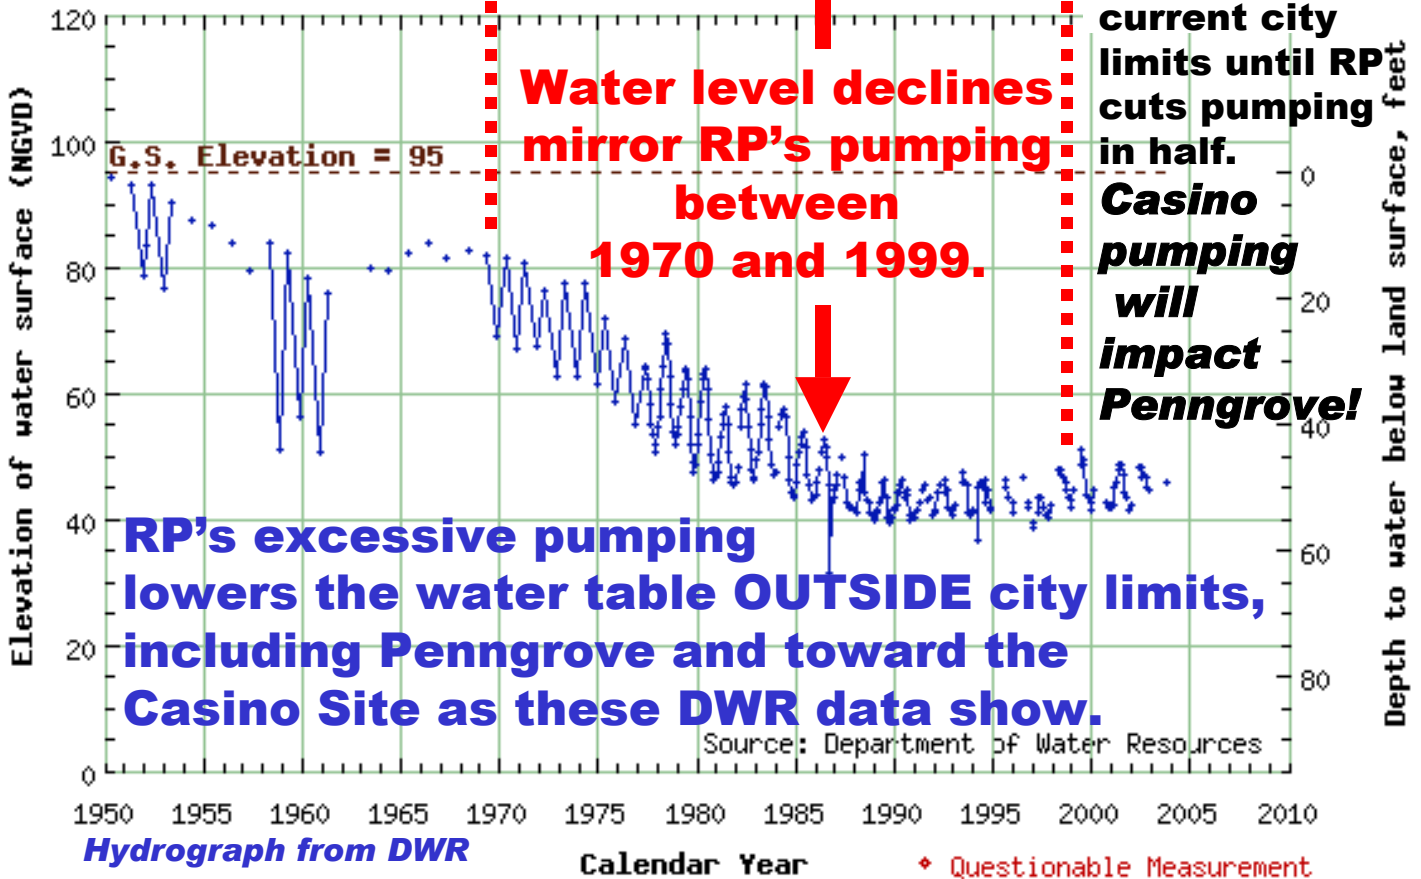

DWR Well  
06N0815J003M

The Penngrove Lawsuit Agreement disallows RP development outside current city limits until RP cuts pumping in half.

**Casino pumping will impact Penngrove!**

Groundwater Levels, 06N08W15J003M  
Santa Rosa Plain

**RP's excessive pumping lowers the water table OUTSIDE city limits, including Penngrove and toward the Casino Site as these DWR data show.**
